

Fireplace Grate Installation Instructions

Contents Include:

- 1: Long Bars
- 2: Short Connectors
- 3: "L" Shaped Bars
- 4: Screws

additional pieces are provided should you wish to extend the grate

A: Attached two Long Bars using the connector and screws. Please see diagram below

B: Attached all the L Shaped bars to the Long Bar using the provided screws. Once all L bars are attached to the long bar your fireplace grate is assembled.

Note: Use the remaining Long and L shaped bars to extend the fireplace grate if needed.

C: The grate can now be inserted inside the fireplace
